```

A quick learner, most motivated by new challenges. Experienced in working remotely while adopting agile practices such as pair-programming, scrum methods, test-driven and iterative development.
A proactive team player with strong work ethic.
Strong problem solving skills with excellent attention to detail from 12 years accountancy experience.
Looking for new challenges at an organisation where personal development and career progression is a focus.

// WORK EXPERIENCE

> Software Developer (Mobile)

BANKIFI LTD | May 2020 - present

- Incom£ing: A new payment solutions App that helps small businesses get paid. Built on an in-house API that consumes the Open Banking API.
  My Work: designed and built with TDD the entire registration and onboarding flow. Further development as part of a team. Designed with Figma, written in TypeScript, built with React-Native and tested with Jest.
- Mobile SME Banking:
  Client: The Co-operative Bank
  My Work: Adobe Target implementation in the application and continuous bug fixing and increasing frontend test coverage with Jest. Daily meetings with the client.

> Full-Stack Junior Software Developer

NORTHCODERS | Coding BootCamp | Jan - Apr 2020

- HELPING HAND: a full stack, cross-platform mobile app with: a GraphQL server, a MongoDB database and Flutter frontend
- THE DAILY NEWS: A full stack project that includes: a RESTful API server, a SQL database and a Reddit-like React news site

> Personal Pet Projects

- THE GUARDIAN SEARCH - a cross-platform mobile app: built with React-Native consuming The Guardian's API
- THETROMBONIST.ORG - a single page brochure type website
- CLASSIC HANGMAN GAME - a React web application themed for International Women's Day.
- ...and more on my portfolio website: www.juditlehoczki.me

PERSONAL ACHIEVEMENTS

>> Panelist at Women In Tech
Career Summit Conference
July 2020
http://womenintechcareersummit.com/

>> 100-Mile Charity Bike Ride
Sep 2019

>> Changing careers

HOBBIES

When I'm not working hard, you'll find me outside on my bike and travelling to new places, or inside writing blogs about my journey in software development, learning new technologies, playing computer games, binge-watching Netflix series or doing some arts & crafts.
